Dear Madam/Sir

Thank you for taking the time to consider my resume. With over 20 years of experience in web development, I bring a strong background in both front-end and back-end technologies, along with a passion for creating exceptional user experiences.

Throughout my career, I have successfully delivered high-quality web projects by honing my skills in core technologies like HTML, CSS, and Sass. I am proficient in popular front-end frameworks and libraries, including Bootstrap 4 & 5 and Tailwind CSS, which allows me to build modern, performant, and responsive applications. My expertise in various tools of the Adobe Creative Suite, Figma and Framer motion for design and digital asset creation.

I have a broad range of enterprise-level content and learning management systems (CMS/LMS), with Educational Technology systems such as Blackboard and Moodle, as well as specialized higher education systems like Slate CRM and Campus Solutions, including platforms like WordPress and Adobe Experience Manager (AEM).

I have working knowledge in modern front-end technologies, including JavaScript, jQuery, React.js, and Next.js. Furthermore, I am a collaborative problem-solver with a proven track record of delivering secure, high-quality projects on time. My experience also includes working with specialized educational content authoring and testing tools like H5P, Respondus, and Articulate 360.

I am excited by the opportunity to contribute to your team's success. My resume is enclosed for your review, providing further details on my accomplishments. Thank you for your time and consideration; I look forward to the possibility of discussing my qualifications with you.

Sincerely,

Sunita S. D'souza
